PROFESSIONAL EXPERIENCE

Govtech Edu / INA Digital Edu   **Jakarta** (**Remote**)
Backend Engineer   **Feb 2022 - Present**
- Stack : Golang, PHP, Laravel, Google Cloud Platform, Terraform, Containerization (Kubernetes, Docker).
- Govtech Edu worked directly under the Ministry of Education, Culture, Research, and Technology to modernize the ministry 's existing systems, particularly in the fields of middle and higher education.
- Contributed to day-to-day backend development by implementing new features, debugging and resolving operational issues, fixing bugs, and reviewing code changes to ensure code quality.

PANDATECH   **Jakarta** (**Remote**)
Backend Engineer   **Mar 2021 - Jan 2022**
- Stack : Node JS, Adonis JS, ExpressJS, Amazon Web Services.
- Pandatech is a software house company that takes on projects based on client requests and also outsourced employees for technology companies in need of engineers.
- Led back-end development for various projects, building efficient server-side solutions and ensuring smooth integration with the front-end. Worked closely with front-end developers to deliver well-performing and user-friendly applications. Handled debugging, code reviews, and deployment while keeping the team aligned with project goals and deadlines.
- Initiated and managed deployments on AWS for both back-end and front-end applications.

MAYBANK HQ INDONESIA   **Jakarta** (**Hybrid**)
Fullstack Engineer   **Feb 2020 - Nov 2020**
- Stack : Windows IIS Server, PHP, Laravel, Azure.
- Maybank Indonesia HQ is a leading bank in Indonesia, offering a wide range of financial services, including retail, corporate, and investment banking.
- Most of the contribution focused on the internal employee LMS, including developing new features, integrating with external services, and collaborating with vendors to enhance system functionality.

FREELANCE   **Jakarta** (**Hybrid**)
Fullstack Engineer   **May 2017 - Aug 2020**
- Stack : Laravel, MySQL, DigitalOcean, PHP, Wordpress.
- Freelanced on multiple projects, primarily for educational institutions.
- Led end-to-end development for most projects, from initial concept and design to deployment and maintenance.
